

DESERT DEFENDER

INVASIVE SPECIES
REMOVAL EVENTS

JOIN US

Invasive Species are one of the biggest threats to our park's ecosystem health. Become a Desert Defender at upcoming events to help improve our natural areas and deter wildfires.

Come prepared to pull, bag, and remove invasive species in the park. Please dress appropriately for the weather and bring gloves, water, and a snack for yourself.

NOTE: Programs with less than five registered volunteers may be canceled at least one day before the event. Registered volunteers will receive an email stating the event has been canceled.

**REGISTRATION
REQUIRED**
